DISTRICT GOALS – 2016-2017

1. Continue to improve the academic achievement of all students in accordance with the "Academic Indicators of Student Success", including report card grades, honor roll achievement, standardized assessments, New York State Regents Examinations, Advanced Placement courses, SAT/ACT Examinations and college acceptances.
2. Continue to improve our current financial position through the implementation of a long range plan that includes the continued reduction of appropriated fund balance, the replenishment of reserve funds, and the development of annual budgets that provide for all requirements under New York State law.
3. Continue the implementation of a long range school facilities plan for energy efficiency, code upgrades, environmental controls and major capital improvements.
4. Continue the successful infusion of the Common Core Curriculum and APPR elements into the K-12 educational program through effective staff development and parent information programs.
5. Implement structures, procedures and operational practices that will foster and facilitate purposeful, districtwide use of educational data, instructional strategies and supplemental learning opportunities for all students.
6. Continue to infuse Technology through the iPad Program and the expansion of online curricular components in all academic areas in order to enhance the development of 21st century skills in all classrooms for meaningful and relevant teaching and learning.
7. Increase communications and information sharing with our students, parents and the greater Malverne community through the expansion of social media platforms, use of the "parent portal", individual teacher websites and the district/school websites.
8. Continue to provide opportunities for personal growth through membership in co-curricular activities, athletics and performing arts programs that will provide our students with leadership experiences to help them become more confident, altruistic, well-rounded citizens/members of the school-community.
